2017 Private Swim Lesson Participant Request Form

Private lessons are designed to help an individual, regardless of age, to be prepared for safe stages of learning in the water. Our professional and courteous instructors will help all ages of participants to learn, or relearn, swim basics (water acclimation, water movement, water stamina), stroke introduction, stroke development and stroke mechanics. Swimming is a lifetime sport that can be savored whether in the domain of recreation, competition or leadership. An individual 6 months or older is never too young or too old to learn the joy of swimming.

Please complete this form and return to Aquatic Center Staff.

Private Swim Lessons are 30 minutes in length
