

OH what fun it is to ride..

Fun to ride, fun to own and fun to give. The HONDA "50". It's the perfect Christmas gift for him, for her, or for the whole family. There's never been anything like the HONDA—a light, lively, precise vehicle that delights your eye, your love of fun and your sense of thrift. It's easier to ride than a bike, breezes along at a whisper-quiet 45 mph and gets up to 225 miles per gallon! HONDA's precision-built OHV 4-cycle engine is a marvel of performance and reliability. The HONDA "50" comes with automatic clutch, 3-speed transmission, optional starter. And it comes at a price that fits most Christmas budgets.

No wonder the HONDA is the most talked-about, most wanted, most useful and most enjoyable traveling companion in America today. And no wonder that during this past year more than one million smart people have taken to two-wheel travel—to work, market, school and outdoor fun—on the HONDA "50"!

Four models, including the agile TRAIL "50" that takes you through rugged country where even a jeep can't go. For your nearest HONDA dealer, call Western Union by number, ask for OPERATOR 25.
