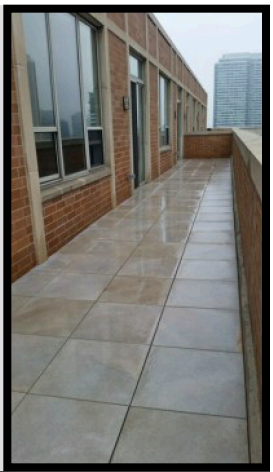
Deckstone Porcelain Panel

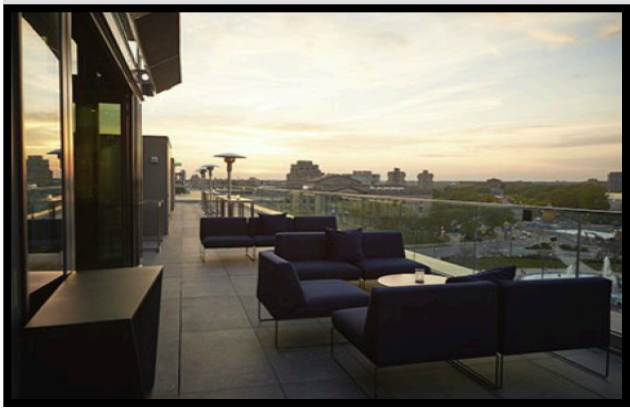
Dimensions: 23 7/8" x 23 7/8"

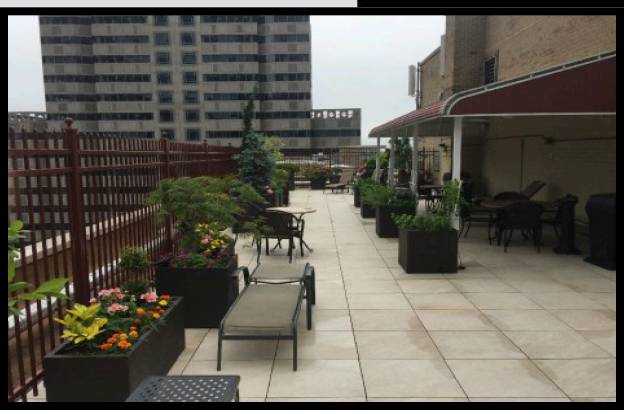
Thickness: 3/4"

Tile Weight: 37 lbs

DECKSTONE PORCELAIN PANELS provide an elegant look and feel to virtually any surface. Whether it's a patio, a terrace, or a multitude of other surfaces Deckstone Porcelain Panels can help showcase the beauty and luxury of your space with a cast stone, slate, marble or wood look in a variety of colors. Various size panels are available that provide the ability for a multitude of patterns giving you a wide range of choices.







Deckstone Porcelain Panel

In the occurrences of an uneven surface a pedestal system can help facilitate the situation or it can be used to allow access to utilities underneath the panels.

With its hard wearing, anti-slip body Deckstone Porcelain Panels provide a strong resistance to the elements and mechanical action to give you the same luxurious feel for years and years to come.

Our tiles have a class fire rating and are made with sustainable material making it a green product. The tiles are also much lighter than your typical stone or concrete paver but heavy enough to sustain high winds and have a 50-year life.With the same beauty and elegance as stone Deckstone Porcelain Panels are a great option to maintain feel of stone at an affordable price.
