KENT COUNTY MAJOR EMPLOYERS

The data contained in this report was compiled by the Kent Economic Partnership, Inc. by requesting the information from the Personnel Departments of the organizations surveyed, first in writing and then by phone. In some instances, our request for updated 2010 information was not answered. We therefore left the latest available information in the report and added the year behind the employment numbers. Every effort has been made to be as complete as possible but no guarantees are being made as to its accuracy. SE&O. If you find omissions and/or errors, please give us a call at 302-678-3028. Thanks
