## Resolution # 21

As Commissioners of Dewey Beach, we are very concerned about the Inland Bays and the impact that commercial and recreational activities have on them. We are opposed, in principal to ventures that are not in the best interest of the estuaries, the wildlife, and the people who use and care for the Bays. We support efforts to make decisions that will help us move toward the goals of the Recovery Initiative.

However, the Commissioners of Dewey Beach want to make it clear that this statement should not be construed as a vote for or against the granting of the pending application of a 150' pier and dock in Rehoboth Bay. We leave that decision to the DNREC.

Adopted this 13th day of October, 1990.
