Ladies and Gentlemen,

As you may know, I have spent a good bit of the summer in Dewey Beach trying to enjoy what matters. In my time since leaving the town's employment I have made a conscious effort to distance myself from town affairs.

Since my departure, it appears that the Town's participation in the Leso program has come under scrutiny. I am aware that Commissioner Bauer, in a public meeting, made a presentation of the town's participation in the Leso program.

In his presentation, he made public, a letter bearing my signature as seen below, dated October 23th 2015. This letter is currently posted on the Town website.

I am aware that the town has brought in the T.G.M auditing firm to conduct some sort of review of the town's participation of the Leso program.

I was interviewed by Mr. Geiser in that process.

What I told Roy Geiser (auditor), Larry Silver (audit committee chairman), I also conveyed to the current and former Mayor;

I did not write the letter you see below.

I did not sign the letter you see below.

I would appreciate if you would take appropriate effort and action to correct the record.

Dear Program Manager,

As the Town Manager, along with the Mayor and Council of the Town of Dewey Beach, we are familiar with the 1033 program. And that from time to time the Police Department obtains equipment through the program. We understand that there is controlled equipment within this program and that onsite inspections are conducted yearly on these items. We are aware that the Police Department has recently requested additional controlled equipment, to be utilized during significant weather events as well as natural disasters. And we approve of this acquisition.

Sincerely,
