The days of it being dark at 4:30 are gone for now and our days are full of activity. We are lucky that there are so many things to do in our community. We should all be thankful that in our country we have the freedom to do so many things. So many people around the world are not so lucky. As the summer season begins, let's remember a few days to honor our country. I am talking about Memorial Day, Flag Day, and the Fourth of July. All important days that honor our country and our past. Have a Happy and Safe summer . Enjoy the word search below and look for words related to Memorial Day. Good Luck!

Slow

Uncle Dan claims he once dropped his watch from the roof, whereupon he carefully climbed down the ladder and caught the watch before it hit.

"OF COURSE," he says, that watch always was 15 minutes slow."

This month I want to recognize the Visiting Nurses of the Lower Valley for all their contributions to our programs and our community. They recently co-sponsored with us our Health fair. This was a huge effort on their part helping to plan and organize this event. They also provide our seniors with flu shots in the fall. Along with this they also provide us with various health related presentations during the year. What a great service they provide our community. They are also available for in home healthcare services that might be needed. Let's give the Visiting Nurses of the Lower Valley a big **Thank You!!**

Be Prepared for Summer

Summer is near & the kids are looking forward to summer vacation. It is a good time to make sure that your family is ready to be “Safe for Life.” The National Safety Council offers many tips for improving safety. Focus on a different safety topic each week & be prepared to stay safe this summer!

•Week 1: State Ready to Respond

Learn CPR & first aid
Check your emergency preparedness kit & restock.

Check smoke detectors
Design an emergency escape plan in case of fire

Keep emergency numbers handy

•Week 2: Be Healthy

Make sure your doctor knows all the medications you take even over the counter supplements to avoid interactions.

Eat plenty of fruits & vegetables & drink plenty of water.

Ask for alternative pain relievers to Opioid painkillers

•Week 3: Watch Out for Dangers

Stay alert: DON'T TEXT WHILE WALKING

Prevent falls by clearing & maintaining pathways & installing adequate lighting & nightlights

Supervise children at all times when near water or camp fires

Store toxic substances out of reach of pets & children

When visiting a crowded area determine a meeting place should you get separated

•Week 4: Share Roads Safely

Never use your cell phone while behind the wheel

Designate an alcohol & drug-free driver • Don't drive when fatigued

Drive with your teens to give them plenty of practice.
