ANIMAL CONTROL

The Regional Animal Control Department provides East Haddam and East Hampton residents with assistance in handling many animal-related issues. Returning lost dogs to their rightful owners continues to be a very difficult challenge for the Animal Control Officers. Dog owners can assist Animal Control by ensuring their dogs are wearing identification tags and have been properly licensed.

All canine owners are reminded that dogs are to be licensed during the month of June at the Town Clerk’s Office. Residents that fail to register their dog may face fines up to $75.

Owners are also reminded that dogs are not allowed to be a “nuisance” which includes excessive barking or other behavior that causes a disturbance to a neighbor or others. Additionally, dogs must be under the control of the owner and are not allowed to roam freely off the owner’s property.

From July 1, 2017 to June 30, 2018 the Animal Control Officers responded to 376 complaints in East Haddam. Service includes general calls and complaints to include barking, roaming, lost dogs, wildlife and domestic animal bites.

As a reminder to residents, the Animal Control Officers handle issues relating to dogs, cats, domestic livestock and any wild animal contact with a human or domestic animals.

General calls related to animals such as possums, skunks, coyotes, bats etc. should be handled through the State of Connecticut Department of Energy and Environmental Protection at 860-424-3011.

Should you have any questions or need assistance please call 860-873-5044.

BOARD OF ASSESSMENT APPEALS

In the fall of 2017 the Board of Assessment Appeals held one public hearing for the purpose of hearing motor vehicle appeals. The session was held on September 9, 2017 with 16 applications for appeal being heard. The Board worked 21 hours resulting in the reduction of assessments on all 16 applications. The adjustments totaled a reduction of $18,130 to the grand list.

In the spring of 2018 the Board received 40 appeal applications. Public hearings were held on March 3, 10 and 24, 2018. Of the 40 applications received, 38 were to appeal real estate values and two for automobiles. There were no personal property applications received for this session.

Due to the relocation of our municipal offices and mail forwarding delays we received several applications almost a month after the required submission date. These applications were post marked prior to the February 20 deadline thus requiring additional hearing dates to be noticed and scheduled.

By unanimous vote, the Board reduced the assessments on 23 of the 40 appeals. Six onsite inspections were made during this appeal session. The above actions resulted in the grand list being reduced by $409,179.

Vision Government Solutions the company that performed the 2017 town wide revaluation, concluded that based on recent sales history and information, that the values of multi-family and cape style homes increased at greater rate than other properties. In all the Board worked 127 hours attending to taxpayer’s requests.

Respectfully submitted,
Edward C. Blaschik, Chairman
Michael E. Gross

The function of the Board of Finance is to consider the town’s finances from an overall viewpoint. The Connecticut General Statutes give the Board specific responsibility for:

- Preparing the town budget.
- Setting the property tax rate.
- Approving deficiency and special appropriations and transfers between appropriations.
- Determining how town financial records are to be kept.
- Arranging for an annual audit of the town accounts.
- Publishing the annual report.

The Board of Finance works closely with the Boards of Education and Selectmen with regard to the town’s finances.

The Board of Finance has established four subcommittees to address key areas of concern and to better position us for the future — Communications, Financial Policies, Revenue and Long-Range Planning.

At the outset of the annual budget process, the Board established a goal of presenting a budget that would pass at the first referendum. We are pleased to report that the budget did pass at the first referendum. The approved budget reflected a mill rate increase of .08, a tax increase of 1.7% and a spending increase of 2.5%.

Another goal established by the Board was to improve our communications with our citizens. The Board’s Communications Subcommittee introduced an informational series in the East Haddam News to share budget terminology and information regarding the budget process.

The Board of Finance will continue to oversee the town’s financial management in a fiscally responsible manner.

Respectfully submitted,

William DiCristofaro, Chairman
Gregory Lauria, Secretary

During the past year we have seen our beautiful town grow even more attractive as we have experienced the benefits of two more capital projects. During February we moved our Town Offices to the refurbished old Middle School in Moodus and then on the 12th of May we made it official at our grand opening. Twelve years of effort had transformed our historic school, dating from 1923, into a modern and very attractive Municipal Office for our town while still preserving its historic visage. It is a wonderful monument to our past and an even greater promise to our future. Shortly thereafter our Volunteer Fire Department accepted improvements to Firehouses #1 and #2 which will make them better able to serve our community, better protect our valuable equipment and better support our Ambulance and Fire Department personnel.

On the 8th of May we approved our 2018–2019 budget. The planning began in December, we started a little earlier then usual. The official kick off was a tri-board meeting including the Board of Finance, Board of Education and the Board of Selectmen in early January. Its purpose was to seek public input and to familiarize everyone with how our budget would be developed. The ongoing process was highlighted by repeated efforts to ensure that the public was kept informed, their comments considered and that all questions were clearly answered. Regular informational articles in the East Haddam News helped to explain the process and the terms used. The goal always was that the proceedings be open and clear to our citizens, enabling them to monitor our progress from start to finish and to always be receptive to their comments. In the end the Board of Finance was able to present a balanced and fair budget, which was able to meet the needs and expectations of our town. We owe a big thank you to all involved for their thoughtfulness and diligence.

Late in September we celebrated the life and achievements of one of our more remarkable residents. Captain George Comer (1876-1919) spent well over half his life at sea. During that time, he established himself as a world renowned anthropologist and ornithologist. His collected information and specimens are an important part of numerous scientific collections. A weeklong celebration took place culminating in the rededication of the Memorial dedicated to him, on Mt Parnassus Road, adjacent to the Harris homestead and our community garden. In attendance were Bernadette Deane, Inuit and cultural advisor about Inuit and Artic history, Bernadette Driscoll Engelstad, Curator, researcher and writer at the Smithsonian Institute and Fred Calabretta, Curator at Mystic seaport.

It was Mark Twain who long ago commented, concerning Connecticut’s weather, “If you don’t like it, wait a minute, it will change”. This past year certainly proved him true. In late October 2017 a terrific windstorm swept through our town leaving a tangled mess of trees, telephone poles and electrical wires. The cleanup seemed to last forever. Then in February 2018 our river became solidly frozen only to abruptly break loose creating massive ice jams which threatened everything along their course. Days of effort by Coast Guard icebreakers and numerous bridge closings were needed to finally clear the problem. This was followed, in March, by four successive Nor’easters, which once again left our town shaken and once again we showed that East Haddam Yankees are always more than up to the challenge.

Thank you for trusting in my leadership over the past year. It is a very special privilege and an honor to be able to serve you. It gives me great pride to be able to work with so many energetic employees and volunteers who show how much they care for our community through their endless efforts on its behalf.

Emmett J. Lyman
First Selectman
The East Haddam Building Department is currently researching an electronic permit tracking system. The State of Connecticut shall be adopting the 2015 International Codes along with the 2017 Electrical Code. This code adoption will be effective October 1, 2018.

Currently the Building Department is seeing growth from the past fiscal year as building permit counts continue to rise.

We are pleased to announce our new Administrative Assistant Ruth Ziobron.

COMMISSION ON AGING

The purpose of the Commission on Aging (COA) is to promote the health, safety and well-being of the town’s senior citizens by making recommendations to the Director and the Board of Selectmen for the development of services and programs for the benefit of the town’s senior citizens. During the year the COA members reviewed their duties and responsibilities as stated in the COA Ordinance, the programs offered and attendance records. The members attended the Regional COA Meetings (consisting of six area towns) where topics such as senior housing, transportation, meals, resources and programs are discussed.

The officers for the fiscal 2017-2018 year were Co-Chairmen—Jovita Cozean and Joe Sina, Secretary—Rosalie Hoffman, Treasurer—Alice Sabo and members Jo Golec, Walter Golec, Vicky Riley-Pach, John Pagnani and alternates Suzanne Bostelman and Mary Ellen Klinck.

CONNECTICUT RIVER GATEWAY COMMISSION

The Lower Connecticut River Valley was recognized by the Connecticut General Assembly in 1973 as one of the State’s most important natural, recreational and scenic areas. In 1974, the Commission was established and became operational with membership from eight towns, two regional agencies and the Connecticut Department of Environmental Protection.

The Gateway Conservation Zone is 30 miles long and includes portions of its eight member towns (Chester, Deep River, East Haddam, Essex, Haddam, Lyme, Old Lyme and Old Saybrook (including the Borough of Fenwick) within view of the river. The Nature Conservancy has designated the lower Connecticut River as one of its “Last Great Places”, the river’s tidelands were recognized as “internationally significant” habitat for waterfowl under the terms of the International Ramsar Convention; the Secretary of the U.S. Department of Interior has recognized the Lower Connecticut River Valley as “one of the most important ecological landscapes” in the United States; and in 1999 the River was designated as one of the 14 American Heritage Rivers by the President of the United States.

The Gateway Commission concentrates much of its attention on the protection of the valley’s scenic qualities. Since its inception, the Commission has worked with others to acquire over 1,000 acres of land through purchase or donation of scenic easements, development rights and fee simple titles.

The Commission is also empowered to adopt common zoning standards for height, setback and lot coverage, which member towns adopt and enforce within the Gateway Conservation Zone. The Commission reviews and acts on zone changes, regulations changes and variance applications affecting land within the Conservation Zone referred to by local boards and commissions. No zone change or change in regulations affecting land within the Conservation Zone can become effective without the Commission’s approval.

Members as of June 30, 2018 included: Margaret Wilson and Errol Norner of Chester; Nancy Fischbach and Kate Cotton of Deep River; Harvey Thomas and Crary Brownell of East Haddam, Claire Matthews and Mary Ann Pleva of Essex; Susan R. Bement of Haddam, J. Melvin Woody and Wendy Hill of Lyme, Peter Cable and Suzanne Thompson of Old Lyme; Bill Webb of Old Saybrook; Rau de Brigard of RiverCOG; and David Blatt of the Connecticut DEEP (Commissioner’s Representative). Fenwick Borough has been designated an ad hoc member and is periodically represented by Borough Warden Fran Adams.

For more information, contact RiverCOG Deputy Director and Gateway staff J.H. Torrence Downes at (860) 581-8554 or attdownes@rivercog.org. Contact information can also be found on the web at www.ctrivergateway.org.
CONSERVATION COMMISSION

The East Haddam Conservation Commission (EHCC) experienced a “one step forward — two steps back” during the 2017-2018 fiscal year. EHCC volunteers continued their work providing passive recreation activities at the town’s open space properties. They were able to create some new trails at the Lena Reserve off of Tater Hill. These trails were GPS’d and another trail map was produced and added to the inventory. Additional identifying signage was installed and large new or improved maps were installed at some of the properties. These achievements were the “one step forward!”

Unfortunately, the weather wasn’t very cooperative through the fall and early winter, so many of our stewardship events were cancelled. Then the March snow storms hit and “two steps back,” we went! The trails of most of the preserves and reserves were covered or blocked by hundreds of fallen limbs and many, many downed trees. Every bi-weekly stewardship event in April, May and June, when the weather cooperated, was spent clearing the trails. Consequently, the projects planned have been pushed into 2018-2019.

The coming year has the stewardship volunteers quite excited. The existing trails have been or will be cleared, so we anticipate being able to move forward with identifying more of the town’s properties with new signs and establishing new trails and where needed, new parking areas. EHCC will continue to rely on the always helpful East Haddam Public Works crew to use their expertise building the parking areas. A new footbridge will be constructed across Hemlock Valley Brook to connect the two halves of the Rose Farm Reserve. This will take several stewardship work days to complete. Utilizing a grant from the National Park Service, an ADA path will be constructed at the Patrell Preserve. This will make the Eightmile River accessible to all. Postponed projects at Roaring Brook, Lefebvre, Shugrue and others will be tackled. EHCC anticipates a couple of miles of trails will be added to the town’s trail inventory after the property boundaries are properly marked. EHCC wishes to thank the East Haddam Community Lions for becoming stewards at the Davison Walking Park. Their frequent walks on the park have helped keep the trails clean and their alerts to hazardous or downed trees have allowed the EHCC volunteers to concentrate their time on other properties without having to take time and check on Davison Walking Park.

As always, EHCC is always looking for volunteers and would certainly appreciate the assistance of any town organization interested in stewarding one of the open space properties. Remember, these are YOUR properties to enjoy and cherish and volunteering with EHCC is a great way to give back to the town.

Respectfully submitted,
Robert Smith, Chairman

EAST HADDAM AMBULANCE ASSOCIATION

East Haddam Ambulance personnel responded to a total of 572 these requests. There were 102 total mutual aid responses resulting in a total mutual aid rate of 14.32%, for an increase of 3.97% in the previous year.

Membership and Training: East Haddam Ambulance Association (EHAA) has continued to actively recruit new members, adding eight new members over the past yearly reporting period, three of the new members came into the organization pre-certified as either an EMT or EMR. In 2017-2018, EHAA continued its practice of regular, ongoing continuing education and training for its technician members. All members completed federal, state-wide and sponsor hospital mandatory annual training requirements, including CCR/AED, blood borne pathogen, infection control, hazardous materials, privacy practices (HIPPA), social media and state-wide protocol training.

Additional financial support received from the town includes payment of the salaries and benefits of the career Firefighter/EMTs on duty during the weekdays and used by East Haddam Ambulance Association on an as-needed basis.

Equipment: EHAA has three operational emergency vehicles including two ambulances and one squad car. All vehicles have undergone minimal routine maintenance with no extra ordinary expenses. Additional equipment that has been purchased includes a new Stryker XPS stretcher and two new Stryker Stair Chairs.

Notable Topics: EHAA has continued assisting the East Haddam Fire Department with their supplemental R1 license. The R1 provides expedited patient care before the R2 (ambulance) arrives on scene.

Summary: The EHAA continues to provide the highest level of Emergency Medical Service to the residence and visitors of the Town of East Haddam.

Sincerely,
Neil Mosig, Chief
EAST HADDAM LAKES ASSOCIATION

East Haddam has the good fortune to have three lakes within its borders: Bashan Lake, Lake Hayward and Moodus Reservoir. The lakes are a tremendous recreational resource for East Haddam residents and visitors as each lake has public access. In addition, lake residents and visitors are an important economic generator for the local economy. Lake properties are a large component of the town’s tax base. Property owners and lake visitors contribute significantly to the town’s revenues.

To support the lakes, lake residents make substantial private financial and volunteer efforts for lake restoration and maintenance projects which benefit all users.

Highlights of the 2017-2018 fiscal year are:

**Bashan Lake (Association)**
- Continued work with the Connecticut Agricultural Experimental Station (CAES) to secure Connecticut Department of Energy and Environmental Protection (DEEP) permits and treat aquatic invasive plants.
- Worked with the town to develop plans to divert stormwater runoff from entering the lake.
- Purchased and placed safety buoys to educate boaters on hazardous and non-hazardous areas of the lake (such as no-wake zones, shallow water areas and hazardous rock formations).
- Treated aquatic invasive plants in the boat launch area using Benthic Barrier Blankets to smother the weeds, eliminating the use of herbicides in this area.

**Lake Hayward (Property Owners’ Association)**
- Continued the successful aquatic invasive plant treatment program, fortunately now in a limited maintenance mode.
- Worked in collaboration with the Chatham Health District to test lake water in the swim areas for bacteria.
- The all-volunteer Lake Quality Improvement Committee continued to educate the community on lake management best practices.
- Continued the water clarity, chlorophyll a and total phosphorus monitoring program.

**Moodus Reservoir (Preservation Group)**
- The Moodus Reservoir Preservation Group (MRPG) concluded a multi-year study of alternative methods to mitigate aquatic invasive plants and determined that purchase of a mechanical device (Eco-Harvester) is the optimal method to control aquatic invasive plants in Moodus Reservoir.
- Fundraising efforts to purchase the Eco-Harvester were intensified and will continue until sufficient funds are raised to make the purchase. At the conclusion of the fiscal year over 25% of the funds were raised.

Dear Community,

The 2017-2018 school year presented many exciting reasons to celebrate. After increasing our focus on encouraging our students to engage in projects that they are interested in and passionate about, we are very proud of Hannah Robinson and Catherine Tarnowski for honoring the district by representing us at the national level for the National History Day and the Invention Convention, respectively. If this were not exciting enough, our students Teagan D’Addeo and Shayna Moffatt were just announced as Commended Scholar and Semi-Finalist Merit Scholar, respectively, out of the many thousands of students that participated in the SAT program.

Students were learning in STEM classes for the first time in 2017-2018 in grades K-8. With the local economy demanding highly technical careers, the timing could not be better for our students. We are very fortunate to work with a group of educators that make programs like this happen. Our students tell us that these are some of the most fun and interesting classes.

We continue to increase our students access to technology with our student grades 2-12 having access to Chromebooks while K-1 students use a portable lab of i-Pads. Our graduates need to graduate with skills in digitally based research, presentation and communication skills as they enter their post high school.

We look forward to another productive school year in 2018-2019. The community support and innovative school programs continue to be the perfect mix for our young people to thrive, learn and prepare for the future. Please visit our website at www.easthaddamschools.org for highlights and school information.

**Training:** The personnel in the department achieved the following advancements—four became certified in Firefighter I; six are currently enrolled in Firefighter I; seven became certified as Medical Response Technicians; four became certified as Fire Service Instructor I and three became certified in Fire Officer I. The Department conducts training in-house as well as in conjunction with our mutual aid partners—Lyme, Salem, Gardner Lake, Colchester, East Hampton, Haddam, Haddam Neck and Chester.

The department added five personnel—junior firefighter, probationary firefighter, senior firefighter and fire police auxiliary.

**Career Staff:** We welcomed John Sarnik as East Haddam’s first full-time career Captain. We bid farewell to Wick Haylon and Jay Moreau.

**Equipment:** We purchased a new Peterbilt 2,000 gallon tanker truck and refurbished our Peterbilt 2,500 gallon tanker. A traditional “wet down” ceremony was performed on both trucks to welcome them to the fleet. The ceremony included our mutual aid partners, a blessing from Department Chaplain Father Greg Galvin and speeches from First Selectman Emmett Lyman and State Representative Melissa Ziobron. We anticipate delivery of our new marine rescue boat this summer. This vessel will be equipped with the latest in marine technologies and be able to fight fires on the water.

**Firehouses:** The two-bay building expansion to Company #2 was completed. The bay floor in the older portion was refurbished. Company #1 received a total restroom and shower upgrade, kitchen overhaul, installation of air conditioning, new ceiling tiles and interior painting.

ECONOMIC DEVELOPMENT COMMISSION

It was a strong year for the East Haddam Economic Development Commission (EDC). We focused on working with other town boards such as the Village Revitalization Committee to review plans for the vacated town offices in the village. EDC contributed to the Planning and Zoning Commission’s Plan of Conservation and Development. With a strong eye to developing tourism along the lower Connecticut River, the EDC has been meeting with the towns of Haddam, Deep River, Chester and Essex to work in collaboration on maximizing opportunities we share by being a Connecticut River town.

The year saw the EDC updating and providing the businesses and tourists, both in town and surrounding areas with a new comprehensive East Haddam Visitors Guide.

The EDC and the East Haddam Business Association (EHBA) built an alliance, meeting several times over the year, hosting work sessions on ways to partner in key areas where we share the common goal of driving commerce and economic development. The Business of the Month is one program developed out of these meetings with a different nominated business receiving this honor monthly. The criteria being that the nominated business be a driving force in our community through either revitalization, community commitment or assisting in multiple business development.

The EDC sponsored the 2nd Annual Celebrate East Haddam Fall Fest held on Columbus Day weekend. This year EDC was assisted by the EHBA and the Essex Steam Train who ran a route (Haddam Special) that pulled into the Goodspeed Rail Station and provided shuttle buses to the events in the tourist district (Route 82 from the Goodspeed Musicals to Gillette Castle) to support our businesses. That weekend event provided a significant increase in tourism and commerce. The goal is to continue to develop this every year to be even more inclusive of all businesses who want to participate and further drive tourism commerce utilizing the resources of both the EDC and EHBA.

With an eye to continue commitment for our existing businesses and growth of new businesses for the town of East Haddam the EDC will be working on areas to improve and educate. Areas of work include reviewing options for improvements in our health department, building department, making them more business compatible and service oriented. We will also be working with the EHBA to provide education and information on the processes in becoming a local business. With an ever present goal to increase commerce while keeping the unique rural quality of East Haddam, the EDC is looking forward to continuing its work for the community.

Robert Casner, Chairman
EMERGENCY MANAGEMENT

East Haddam’s Emergency Management is responsible for preparing the town to respond to a large scale emergency or disaster. The group is made up of members from all of the first responder agencies, town officials and volunteers with expertise in specific areas. The group is committed to ensuring that East Haddam is prepared for any emergency we may face.

In October 2017 and June 2018, the Emergency Management Team participated in mandatory statewide exercises and planning drills. These drills were run by the State of Connecticut Department of Emergency Management and requires towns to work through a provided disaster scenario and respond to several issues throughout the exercise. The drills provided East Haddam with opportunities to test our town wide emergency operations plans and procedures.

East Haddam Emergency Management continues to maintain one of the largest Citizen Emergency Response Teams (CERT) across the State of Connecticut. Over the past year, volunteers have attended training in shelter management, first aid, weather emergencies, pet safety, traffic control and resource typing.

In November 2017 and March 2018, the Emergency Management Team coordinated the response to two major storms that effected the town with several road closures and major power outages. The Team coordinate response with Eversource and Public Works to ensure roads were cleared and power was restored as quickly as possible. Throughout the recovery phase, trained CERT members assisted in staffing a warming/charging center and showers for residents to use.

Residents are reminded to sign up for the town’s Everbridge System. The system enables East Haddam Emergency Management to quickly provide residents with essential information during emergencies. Residents can sign up for these alerts on the town website at www.easthaddam.org. You will find the enrollment link under News and Public Information on the main page of the website. Additionally, you can call 860-873-5103 or email easthaddamalerts@easthaddam.org for additional information.

For current information related to East Haddam Emergency Management, please check the town website, join our East Haddam Emergency Management Facebook page or subscribe to our twitter feed @ehaddamemgmgt. Emergency Management continues to recruit volunteers. If you are interested please contact us at 860-873-5103 or email ehaddamemgmgt@easthaddam.org.

ESTUARY TRANSIT DISTRICT

The Estuary Transit District (ETD) was formed in 1981 by the nine towns of the Connecticut River Estuary region. The nine towns include Clinton, Chester, Deep River, Essex, Killingworth, Lyme, Old Lyme, Old Saybrook and Westbrook. ETD’s mission is to provide local, coordinated public transportation for all residents of the area. To meet this goal, ETD operates public transit under the name 9 Town Transit (9TT).

The ETD is governed by a Board of Directors. Each member town appoints one representative who serves in a voluntary capacity to adopt policy, set budgets and conduct long term planning for the district. Regular board meetings are held on the third Friday of every other month at 9:30 am at the ETD. All meetings are open to the public.

ETD’s four deviated fixed routes serve the main corridors of the region and provide connections to public transit providers serving the surrounding regions. In addition, ETD provides door-to-door service throughout all nine towns of the Estuary region as well as the towns of Durham, East Haddam and Haddam through its Dial-A-Ride service. All ETD services are open to all persons with no age or disability restrictions.

ETD’s services are subsidized by federal, state and local funding. This allows for inexpensive fares of $1.75 for deviated fixed routes, $.85 for people with disabilities and $3.50 for Dial-A-Ride. ETD also receives a Title III grant through the area agency on aging which allows area senior citizens to ride any ETD service on a donation basis in lieu of the fare. Nearly 100,000 passenger trips were provided during the fiscal year. 80% of all trips are made by persons below 60 years of age and over half of all trips are employment related.

After facing a cut of 15% in state funding, ETD did receive level funding in fiscal year 2017-2018 and will receive a 2.5% increase in state funding for fiscal year 2018-2019 thanks to actions by the state legislature.

In addition to an increase in funding for existing services, ETD will begin new deviated fixed-route service between Madison and Middletown, new ADA paratransit door-to-door service and a taxi voucher program in fiscal year 2018-2019.

After completing a needs assessment and site selection for a new operating and maintenance facility in fiscal year 2017-2018, plans were put on hold. ETD is now working with the Lower Connecticut River Valley Council of Governments on a study of the countywide transit needs and determine the best model for providing public transit in the 17 town region going forward. This study will occur during fiscal year 2018-2019.
INLAND WETLANDS AND WATERCOURSES COMMISSION

Mission/Authority
The East Haddam Inland Wetlands and Watercourses Commission was established by Town Meeting and applicable ordinance on June 20, 1974. It is charged by State Statute (CGS Section 22a-36 through 45) and such ordinance to preserve and protect the town’s wetlands and watercourses from random, unnecessary, undesirable and unregulated uses, disturbance or destruction, the protection of which is in the public interest and essential to health, welfare and safety.

Our wetlands and watercourses are essential to a safe and adequate water supply; to hydrological stability and control of flooding and erosion; to the recharging and purification of ground water; and to the existence of many forms of animal, aquatic and plant life.

Sam Gold, Executive Director
Throughout the 2017-2018 fiscal year, the Municipal Office Building Committee worked diligently to guarantee that the construction of the facility stayed on time and on budget. The Committee remained committed to ensuring the building was ready for the town and the Board of Education employees to move in and occupy in early 2018. As planned, the building officially opened to the public on Monday February 26, 2018.

On May 12, 2018 the Committee held a ribbon cutting ceremony to officially mark the opening of the building. The ceremony was attended by many residents who were given tours of the building and able to speak with employees about their new work space. Those in attendance were able to see how the new office space will better serve the community.

As to be expected with any large renovation project, there are a few items that needed to be corrected or reworked from the original construction phase. The committee continues to work with Downes Construction and Silver Petrucelli & Associates to ensure the building is complete and constructed per the construction plans. Additionally, we continue to work with the town and Board of Education employees to add final touches to the building to ensure it functions as it was intended.

The Committee would like to thank all the town and Board of Education employees for their input and assistance throughout the project. We would like to specifically recognize Ruth Ziobron who was the Committee’s recording secretary; Ron Turner, Director of Operations; Cindy Varricchio, Finance Director; Jim Ventres, Land Use Administrator and Linda Zemienieski, Executive Assistant to the First Selectman. These five have played an integral part in ensuring the success of this project.

The Committee looks forward to moving this project to completion over the next year and leaving the citizens of East Haddam with a facility we can all be proud to call our own that will support the town for many years to come.

All Committee meetings are held at the Municipal Office Complex. Residents are welcome to attend. Please visit the town website for dates and times.

OPEN SPACE COMMITTEE

At a Town Meeting on June 25, 1998, residents of East Haddam, interested in protecting East Haddam’s rural character and retaining our quality of life, voted to enact an Open Space Trust Fund ordinance to set aside funds to help acquire important, agricultural lands and natural resource areas. The ordinance established a Commission to review, select, prioritize and protect these lands.

On January 6, 2003, the Town of East Haddam, through a referendum vote (778 to 135), approved a $5 million dollar bond authorization to be used to purchase land or conservation easements on key parcels of land. The Committee has been part of several applications, acquisitions and easements over the years since its inception.

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission is charged with recommending and regulating the most desirable use of land within the town. Zoning regulations are in place to provide guidance for residential, recreational, commercial, industrial and conservation land use.

The Commission also makes recommendations regarding the infrastructure system of the town, including principal roads and bridges and general location and improvements concerning parks, public buildings, playgrounds and other public structures. All subdivision of land must be approved by the Commission and new businesses are reviewed through the special exception process and site plan review.

The Commission is guided by the Connecticut General Statutes, town zoning regulations and will refer to the Plan of Conservation and Development when applicable. These regulations were developed to encourage the most appropriate use of the land in accordance with the comprehensive zoning plan, their purpose is to lessen congestion in the streets; to secure safety from fire, panic, flood and other dangers; to promote health and the general welfare, to provide adequate light and air, to prevent the overcrowding of land, to avoid undue concentration of population and to facilitate the adequate provisions for transportation, water, sewerage, schools, parks and other public requirements. They were enacted and are continually amended with reasonable consideration as to character of the district and its peculiar suitability for particular uses with a view to conserving property values and encouraging the most appropriate use of land throughout East Haddam.

Zoning regulations are enacted with reasonable consideration for the protection of historic factors and for the protection of existing and potential public surface and ground drinking water supplies and proper provisions for sedimentation and erosion control. The regulations also encourage energy-efficient patterns of development, the use of solar and other renewable forms of energy and energy conservation.

During the fiscal year 2017-2018 the Planning and Zoning Commission processed two subdivision applications, two were approved, creating two new building lots. The Commission also approved 19 Special Exception/Site Plan Review applications, two lot line revisions and 73 zoning permits, including 14 single family dwellings.

The Planning and Zoning Commission meets the second and fourth Tuesday of each month at the Municipal Office Complex, Meeting Rooms 1 and 2 at 7:15 pm, with the exception of holidays.

Once again, the devoted staff in the Public Works department provided quality and professional public service to the residents of East Haddam and distinguished themselves in fiscal year 2018 with many accomplishments.

The Transfer Station continues to serve the public in an orderly and efficient manner. The total combined tonnage of municipal solid waste and bulky waste handled at the Transfer Station totaled 4,185.6 tons. This is a less than 0.1% decrease from fiscal year 2017. Recycling tonnage for the year totaled 1,161.2 tons. This is a 21.7% decrease from last year. With the improved effort of every resident the town can increase recycling and save the town in disposal fees.

The following is an overview of some of the work accomplished by the Highway Department during the year:

- The town crew placed asphalt to shim/overlay and repair roads. Approximately 2,400 tons of hot mix asphalt was applied during the months of July, August, September 2017 and June 2018. Roads receiving this treatment included sections of Honey Hill Road, Jones Hill Road, Old Kentwood Road, Early Road, East Haddam Colchester Turnpike, Lookout Drive and Craigmere Road.

- The final design for the replacement of the Johnsonville Road Bridge over the Moodus River continues. WMC Consulting Engineers of Newington, CT have been contracted to conduct this phase of the project. The bridge replacement is part of the Federal Local Bridge Program.

- The final design for the replacement of the Foxtown Road Bridge over the Eight Mile River continues. The State of Connecticut Department of Transportation is conducting this phase of the project. The bridge replacement is part of the Federal Local Bridge Program.

- The final design of the repair of Bone Mill Road Bridge continues. WMC Consulting Engineers of Newington, CT have been contracted to conduct this phase of the project. The bridge replacement is part of the Local Bridge Program.

- Annual maintenance of 119 miles of town roads was completed in accordance with a schedule of regular work. This program includes sweeping, line painting, mowing, street sign replacement, grading of more than 15 miles of unpaved roads, tree trimming, pothole patching and cleaning of approximately 1,700 catch basins.

- We also continue to assist other departments throughout the year including the Board of Education, Parks and Recreation, Agriculture Commission, Conservation Commission and the East Haddam Land Trust.

- Overall, the winter of 2017-2018 was above average in terms of snowfall, resources committed and number of storms. There were 27 winter storm events during the year. The first storm occurred on November 20, 2017 and the final storm occurred on April 2, 2018. Total snowfall for the year was approximately 52 inches. The highway department responded in a highly responsive manner to keep the roads safe.

I would like to thank the Public Works Staff for their continued commitment, dependability and experience in maintaining and improving our infrastructure. We look forward to continuing to work with and serve the residents.

Elizabeth S. Lunt

The East Haddam Parks and Recreation department strives to provide positive recreational programs that contribute to a healthy lifestyle while promoting community connection, continued learning and growth. It is our goal to provide diverse activities that appeal to a wide-range of interests for all of our residents, no matter your age!

The East Haddam Recreation Commission is comprised of nine residents who volunteer to guide the policies and programs of the Parks and Recreation department. The Commission assists in advising the following areas: departmental operational budget, capital improvement, long range plan, development and implementation of community programs and park maintenance. It also provides recommendations to adjust our programming to meet the needs of all our residents.

The East Haddam Recreation department was lead for almost 20 years by Tiffany Quinn who worked tirelessly to provide unique recreational activities for our residents. We were sad to see her leave our department earlier this spring for an exciting recreation opportunity in the town next door. We are grateful for all she did to grow our programs and wish her only the best in her new position!

We live in a beautiful town that offers many opportunities to enjoy the outdoors, including numerous trails and parks. Our parks include the Town Beach which offers a pavilion, playground, beachfront, restrooms and Dog Park; Nichols Field which includes soccer and baseball fields, outdoor basketball court, preschool playground and a Disc Golf course; the new Municipal Office Complex includes the Park and Recreation Office and Activity Room, Hunter Daniels/Dan Dombroski Memorial Skate Park, tennis courts, a multi-use green space/fields and a gym with two pickleball courts, a basketball court and stage. We are looking forward to putting this beautiful new facility to good use for many years to come!

There’s nothing like a summer in East Haddam and our department is proud to be one of the largest seasonal employers of local teens at our Town Beach and Summer Day Camp. We also support our teens as they complete Eagle projects, Girl Scout Community projects and high school senior projects. We offer volunteer opportunities for residents of all ages, whether it be on the basketball courts, soccer fields or even at our famous summer concert series.

The Music on the River summer concert series consistently draws over 1,000 attendees per week as we enjoy comradery, community and great summer music. What sets us apart from most “town green” concerts are the culturally diverse programs we offer and the exceptional talent gracing our stage; keeping in mind our mission to entertain and appeal to our intergenerational audience. The experience is only enhanced by our beautiful setting. Where else can you enjoy great music on a warm summer night accompanied by extraordinary sunsets on the CT River?

Other popular recreation programs include Fitness Boot Camp, Gentle Yoga, Co-ed soccer, When I’m in Charge class, babysitting course and First Aid/CPR classes. Our department has something for everyone and we’re always open to suggestions for new programs. We would like to thank Consumers Reports and Shagbark for their continued support of our department throughout the year.

**REGISTRARS OF VOTERS**

The Registrars of Voters are election administrators responsible for upholding Connecticut State Laws regarding the electoral process; conducting elections and referenda; training election workers; maintaining and programming voting machines; and maintaining voter records. Registered voters in East Haddam now number over 6,500, partly due to Connecticut’s compliance with the “Motor Voter” law which allows people to register to vote at the DMV.

The Registrars moved into the new Municipal Office Complex in February 2018. The new office is efficient and convenient. Elections and referenda will now take place in the gym right down the hall.

The annual canvass was completed in May, helping to insure that our voting records are accurate by identifying people who may have moved out of town and asking them to confirm the information.

The Registrars and their Deputies attended ROVAC conferences in September and April. The conferences keep us informed about new laws and regulations, as well as ways to improve office procedures.

A voter registration session was held at the high school in May to register 18-year-olds and 17-year-olds who will turn 18 by Election Day on November 6, 2018.

Both Registrars have now completed the Registrars of Voters Certification Program as required by the Secretary of the State.

The Registrars and several moderators have been trained in Connecticut’s new Election Management System, an online reporting system that allows fast and accurate reporting of results to the Secretary of the State on election night.

The Registrars supervised a Municipal Election in November. 2,521 people voted to elect the Board of Selectmen, Town Clerk, Town Treasurer, Tax Collector and members of various boards and commissions.

The annual budget referendum was held in May. 721 town residents and property owners voted (431 yes, 290 no) to approve the $31,562,517 budget.

Thank you to all who help keep our Democracy working: our Town Hall professionals and support staff, our poll workers and our voters!

Respectfully submitted,
Registrar: Martha Hansen, Lucy Salicrup
Deputy Registrars: Laurie Alt, Lauren Bennett

The Senior Services department works to support our senior community by providing programs and resources that enhance their quality of life.

Our attendance numbers have been increasing. During the past year, there were 24,190 sign-ins at the Senior Center. Over the last six years, the Center increased from 11,914 sign-ins (2012-2013) a year to 24,190 (2017-2018) a year. Weekly activities include exercise programs, crafts, as well as organized card and board games. And, of course, BINGO once a month. Use of our exercise equipment is increasing and more people are taking advantage of our technology tutors. The walking path located in Heritage Park has become very popular and is used by community members of all ages.

The Center is also a resource for Medicare counseling, benefits screening, tax preparation, financial planning, fuel assistance and AARP driving classes. The center promotes “good health” screenings (blood pressure checks, hearing and vision assessments), educational seminars regarding wellness (dangers of stress, coping with chronic illnesses, Medical Directives, healthy eating, flu shots etc.) and monthly appointments with a massage therapist. Four times a year, the Center hosts a Blood Drive.

The Senior Center hosted many events during the year, such as picnics, pot-luck suppers, holiday parties, craft/tag sales, bake sales and our annual volunteer reception.

The Meals on Wheels (MOW) Program and our Senior Center Café combined served thousands of meals to seniors this past year. A special thank you goes to all the groups and individuals who donated to support the senior meals program.

People with transportation needs are taken to doctor appointments and to surrounding communities for shopping. The senior bus was utilized for recreational events that included trips to theaters, concerts, museums, dinner shows and the casino as well as day cruises to sightseeing venues in Connecticut.

This year, the Center and the Commission on Aging (COA) continued an outreach program. Volunteers are visiting the seniors in our community who are not utilizing the services available at the Senior Center. The goal is to acquaint our citizens with the many services that are available as well as the social activities.

Intergenerational programs are important to the seniors. This past year, we were fortunate to have the company of high school students at many times throughout the year. They assisted our seniors with their projects and activities. Every spring, we appreciate the efforts of the Vo-Ag students who beautify the grounds. The Leo’s Club and the Straight from the Heart Club are also very helpful throughout the year with a variety of programs. The middle and high school music departments come several times during the year to entertain the seniors.

The Senior Center building is also used many times during the year by civic groups. The Community Lions, Leo’s Club, Garden Club, Land Trust, Park and Recreation are among the groups that we share our building with.

It is the spirit of community and volunteerism of our residents that gives us the ability to provide these valued services. Dot Parker was named “Senior Citizen of the Year” in recognition of all she does for our community. Many thanks to all our volunteers for their support!!

SHARED SERVICES

Shared Services is the consolidation of facilities, finance and technology for the town and Board of Education at a lower cost to the East Haddam taxpayers while delivering quality services to citizens and staff. 2017-2018 accomplishments include:

**Facilities:**
- The elementary school classrooms and the gymnasium interior walls were repainted.
- The high and middle school gymnasium floors were completely sanded down, repainted and refinished.
- The elementary school interior security doors (eight sets) were replaced.
- The renovations to Firehouse Companies #1 and #2 were completed.
- A new storage shed was installed on the high school grounds for the Hale-Ray Drama department. The shed was donated by the East Haddam Senior Club and the site preparation was completed with the assistance of the Public Works department.
- Safety straps were installed on the retractable basketball hoops at both the elementary and high school gymnasiums. The straps help protect spectators from injury by preventing the hoops from swinging across the bleachers should the main retractable cable snap. The middle school previously had the straps installed.
- The bleachers in the high school gym were serviced by the manufacturer to include a complete tuning and inspection, sections were added to the bleachers to add ADA compliant seating and the end rails were replaced to match current code standards.
- A sheet music storage library was installed in the music department at the high school enabling us to protect the investment in sheet music and to consolidate storage.
- A local contractor installed new programmable thermostats throughout the town buildings. These thermostats will help the town save energy by providing remote access to the heating and cooling systems. The devices will also provide warning if a building is experiencing issues, such as freezing temperatures.

**Finance:**
- The annual town audit was completed with an unqualified audit opinion (for greater financial information please see finance insert at the center of this Annual Report).
- Produced Citizens’ Guide to the Budget.

**Technology:**
- Provided professional technology support to the Board of Education and the town to include:
  - Relocating the town and Board of Education offices.
  - Upgrading school district and town computers from Windows 7 to Windows 10.
  - Expanded Chromebook capabilities in the elementary school.

Shared Services continues to be very active across the community to ensure safe and maintained facilities and grounds, strong financial oversight and to accommodate students and staff with the ever-changing technology needs.

Veterans Wall of Honor – to recognize East Haddam’s men and women, past and present, who served in our nation’s military, as well as remembrances of our town’s historical endeavors in support of our country.

Video Display located in the Municipal Office Complex in the corridor just past the front lobby.

Digital monitor runs continuous slide show presentation. Some of the exhibits featured are photos of those who have served which include a brief bio of their military service, photos of military hardware and souvenirs and town historical excerpts.
The Town Clerk’s Office is one of the most visited offices in the Municipal Office Complex. It serves as the center for permanent records for the residents of the community and its government. The town’s most important documents are entrusted to the Town Clerk; to include documentation regarding the birth of your child, the death of a loved one or the purchase or sale of your home. In 2017-2018 the office recorded 66 births, 91 marriages and 96 deaths. Military discharges, notary public services (requested over 500 times), liquor, burial and cremation permits, trade name certificates, meeting schedules, notices, agendas and minutes of the numerous boards and commissions are responsibilities of the Clerk. We also issue various licenses such as dog, sporting and marriage. We endeavor to serve all of our customers with efficiency and professionalism. The Town Clerk’s Office plays a major role for elections and referendum. The functions and fees of the Town Clerk’s Office are governed by State Statute.

The Town Clerk’s Office is a major collector of revenue as indicated on the table below.

A total of $452,393 was collected by the Clerk’s Office and forwarded to the State of Connecticut. This figure includes $347,837 that passed directly through to the State. The town retained $205,813 of the fees collected.

Land records are available on line at www.uslandrecords.com. Indexes go back to 1955 and images are now available from 1989 forward. Tying images to the land records has been an on-going, labor intensive project being done in-house at a cost savings of thousands of dollars to the town. Additionally, the older minutes are being archived.

Dog licensing was promoted through the “Top Dog” contest in coordination with the middle school. A $4,000 grant was obtained from the Historic Document Preservation Program and was utilized to conserve our earliest land record volumes.

The Town Clerk continues to provide recording secretarial services to the Board of Finance and is one of the two administrators of the town’s website. Highlights of this fiscal year included the move to the Municipal Office Complex, which if you have seen all of the records the vault contains you will understand why it was no easy feat and the adoption of the town’s codified Ordinance book, which can be found online at www.easthaddam.org.

WATER POLLUTION CONTROL AUTHORITY

The East Haddam Water Pollution Control Authority serves the community in four main capacities. One is the oversight of the operation and maintenance of the East Haddam Village sewer treatment plant and collection system. The 2017-2018 fiscal year was the eighteenth year of full operations of the town’s sewer collection and treatment system. The flows averaged 14,000 gallons per day; which is just over 25% of system capacity. Peak daily flows reached as high as 34,000 gallons per day or 62% of the system’s capacity. Over 96% of the pollutants are typically removed. Sludge is taken to Cromwell for disposal.

The second function of the authority is to review septic systems for large facilities that produce flows of over 5,000 gallons per day. It is the Authority’s charge to ensure proper measures are in place for the continued proper operation and maintenance of these facilities.

The third is to work in conjunction with the other Commissions and Boards to review plans and proposals along with analyzing existing systems for their impact on East Haddam’s natural resources. The Commission has endorsed a sewer avoidance program that is consistent with the Plan of Conservation and Development. Sewer avoidance programs have been considered a useful and necessary tool to avoid urban sprawl inconsistent with historical or desired development patterns. The Authority concluded that sewer avoidance is appropriate as a policy for the entire town, but in particular, the many important ecological and recreational water resources areas including the Salmon, Eight Mile and Connecticut Rivers, Lake Hayward, Bashan Lake, Moodus Reservoir and Pickerel Lake.

The fourth duty of the Authority is its membership in the Central Connecticut Water Utility Coordinating Committee process. This Committee’s charge, as designated by Connecticut Public Act 85-535, is to insure a safe and adequate supply of water for all residents and to develop plans that meet the community’s needs. TOWN MEETINGS

Item 1: Mr. Edward Blaschik motioned, Mr. Lyman seconded that the legislative body herein assembled consider and act upon the recommendation of the Board of Selectmen and the Board of Finance to accept a gift of two pieces of artwork from Greg Spencer.

Mrs. Denette advised that the artwork is presently located in the vault. It will be hung in the new building when completed. She noted that Mr. Spencer was permanently moving to Arizona and felt the pieces, one done by his grandfather, belonged in East Haddam.

There being no further discussion, the Moderator called for a vote on the motion to accept two pieces of East Haddam artwork donated by Mr. Greg Spencer. The motion carried unanimously via voice vote.

Item 2: Mr. Blaschik motioned, Mr. Lyman provided the second that the legislative body herein assembled consider and act upon the recommendation of the Board of Selectmen and the Board of Finance to enter into a three-year agreement on behalf of the Town from December 1, 2017 to November 30, 2020 with the Osterman Propane LLC for the purchase of propane for the new municipal complex at sellkirkk plus $.30.

Mr. Lyman advised that their bid was very favorable and that they were highly recommended by Goodspeed.

There being no further discussion, the Moderator called for a vote that the legislative body herein assembled authorize the First Selectman to enter into a three-year agreement on behalf of the Town from December 1, 2017 to November 30, 2020 with Osterman Propane LLC for the purchase of propane for the new municipal complex at sellkirkk plus $.30. The motion carried unanimously.

Item 3: Motion made by Mr. Lyman, seconded by Mr. Edward Blaschik that the legislative herein assembled consider and act upon the recommendation of the Board of Finance and the Board of Selectmen that the ordinance entitled “Tax Relief for the Elderly and Disabled in the Town of East Haddam, adopted February 3, 2009 and amended August 2, 2011 is hereby further amended to eliminate the effective Grand List years as recommended by the Assessor. Copies of said ordinance are on file in the Town Clerk’s Office during regular business hours.

The Moderator stated that she would entertain two amendments to the ordinance. The first would be to repeal Section 1 Statutory Authority in its entirety and replace it with the following language.

This Ordinance is adopted pursuant to the authority granted to the Town under Section 12-129n of the Connecticut General Statutes, as the same may be amended from time to time, and shall be effective for the Grand List of 2011 and all subsequent years.

The second is in paragraph D, “strike Internal Revenue code of 1954” and replace it with the “Internal Revenue Code of 1986” as amended. (The Internal Revenue Code of 1954 has been repealed).

The Moderator requested a motion to put the requested amendment on the floor so that the
reason for the amendments could be discussed. Mrs. Karan Blaschik provided the motion, Mr. Alan Blaschik seconded the motion.

The Moderator advised that the replacement language for Section 1 addresses the gap years of 2015 and 2016 wherein the exemption was applied without legislative body authority. Further, the internal revenue code of 1954 was repealed and replaced with the internal revenue code of 1986. She added that the codification project that has been on-going for a very long time addresses a blanket correction to update every reference, as this ordinance is being acted upon at this time to bring it back into conformance, that change should be incorporated.

Mr. Ed Blaschik inquired whether the recommending Boards were aware of the change. Mrs. Denette advised that the Board of Finance was alerted that an amended would be solicited and the reason for it, no objections were raised. Mr. Lyman read correspondence from the Town’s attorney that advised that the suggested language accomplishes the same purpose as the original motion, AND it covered the gap years.

There being no further questions or comments, the Moderator called for a voice vote on the amendment. There were no votes cast either for or against. Accordingly the motion failed. Mrs. Dill stated that she is supportive of the ordinance, but would be in favor of reinstating a sunset so that the ordinance receives periodic review.

Mrs. Denise Dill motioned, Mr. Edward Blaschik provided the second that the legislative body herein assembled Delete Section 1. Statutory Authority in its entirety and replace it with the following language: This Ordinance is adopted pursuant to the authority granted to the Town under Section 12-129n of the Connecticut General Statutes, as the same may be amended from time to time, and shall be effective for the Grand Lists of 2015 through 2020.

held in trust for a person who would otherwise qualify for this Elderly and Disabled Tax Relief Program, the tax relief may still be granted if the claimant is the primary beneficiary of the trust and the claimant meets all other requirements under this program. Under these circumstances, the application for relief shall be accompanied by a copy of the Trust Agreement. The Trust Agreement shall be reviewed by Town Counsel prior to any relief being granted to the claimant.

D. Shall have individually, if unmarried, or jointly if married, adjusted gross income, as defined in the Internal Revenue Code of 1986 as amended, plus social security benefits, income from other tax exempt retirement and annuity sources and income from tax exempt bonds, hereinafter called “qualifying income”, during the calendar year, preceding the filing of his or her application in an amount of no more than Fifty Thousand Dollars ($50,000.00).

Section 3. Benefits for Property

The benefits under this Ordinance shall be limited to the residence of the taxpayer, the house lot upon which such residence is located and any non-income producing accessory buildings located upon said lot.

Section 4. Implementation of Provisions; Qualifying Income; Confidentiality

The Tax Collector and the Assessor of the Town of East Haddam shall prescribe, with regard to their respective duties under this Ordinance, such forms and procedures as may be necessary to implement this Article. The Assessor, in addition, shall satisfy himself or herself as to the qualifying income of an applicant for benefits under this Ordinance by requesting and reviewing such evidence, including documents, of qualifying income as he or she may deem pertinent. All applications, federal income tax returns filed herewith and any additional evidence of qualifying income which the Assessor may require shall be kept confidential and not open to public inspection.

Section 5. Tax Relief Granted; Limits on Tax Relief

A. Tax relief shall be provided by the Town to applicants who meet the requirements of this Ordinance, subject to the limitations contained herein.

B. The yearly allowable relief shall be established as follows:

<table>
<thead>
<tr>
<th>Income</th>
<th>Relief Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0 to $24,999</td>
<td>$500</td>
</tr>
<tr>
<td>$25,000 to $34,999</td>
<td>$400</td>
</tr>
<tr>
<td>$35,000 to $50,000</td>
<td>$300</td>
</tr>
</tbody>
</table>

However, in no event shall the total yearly program exceed the sum of One Hundred Fifty Thousand Dollars ($150,000). In such event, the amount of relief granted shall be reduced in a pro rata manner by maintaining, as far as possible, the maximum relief amount for the lowest income tax payers and then reducing the relief amount for each higher income tier until said program does not exceed said amount.

C. The property tax relief provided by this section shall be in addition to and not dependent upon those benefits available to qualified taxpayers under any General Statutes, Sections 12-129b to 129d, 12-129h and 12-170aa, provided that the Town and state benefits in any one year shall not exceed seventy-five percent (75%) of the real property tax which would have been imposed on a qualified taxpayer in the absence of such statute and this section.

D. If a qualifying taxpayer owns property jointly with a non-spouse, tax relief under the Elderly Tax Relief Program will be proportionate to the qualifying taxpayer's interest in the property.

E. Before the tax relief or any portion thereof under this section shall be given, such person must first apply for tax relief under any state statute for which he/she is eligible. If such applicant has not applied for tax relief under any state statute because he/she is not eligible, he or she shall so certify by filing annually to the Assessor or Authorized Agent on a form acceptable to the Assessor an affidavit testifying to his or her eligibility. The application must be filed each year with the Assessor between February first (1st) and May fifteenth (15) for tax relief for the following fiscal year which begins on July 1st.

F. Any otherwise qualified applicant must own and reside on the property subject to tax relief for at least one hundred eighty-three (183) days per year, for the property to qualify as the taxpayer's principal residence. Only one tax credit shall be allowed for each property eligible for tax relief. In any case where title to such real property is recorded in the name of the taxpayer or his or her spouse who is eligible for tax relief and any other person or persons, the tax amount shall be prorated to allow a tax credit equivalent to the fractional share in the property of such eligible taxpayer or spouse; if such property is a multiple family dwelling, such tax credit shall be prorated to reflect the fractional portion of such property occupied by the eligible taxpayer as provided by state statutes. Persons not otherwise eligible shall not receive any tax relief.

G. If any person entitled to the tax relief dies without leaving a qualified spouse, prorated tax relief shall be given from October 1 of the assessment year in which death occurs to the date of death. Such prorated portion shall be determined by a fraction, the numerator of which shall be the number of full months from the first day of October in such assessment year to the date of death and the
denominator shall be twelve (12). If such person dies, the tax relief which such person shall be allowed for his or her estate shall be given for the next fiscal year and for any subsequent fiscal years which the surviving spouse of such person meets the requirements set forth. If any person receiving qualified tax relief hereunder sells the property on which the tax relief is granted, no additional tax relief shall be allowed for his or her interest in the property, and the purchaser of such property shall pay the town a prorated portion of the tax relief for that fiscal year. Such prorated portion of such relief shall be determined by a fraction, the numerator of which shall be the number of months from the date of conveyance, including the month of conveyance, to the end of the assessment year and the denominator of which shall be twelve (12). If such conveyance occurs in the month of October, the grantor shall be disqualified for tax relief in such assessment year. The grantee shall be required within a period not to exceed ten (10) days immediately following the date of such conveyance to notify the assessor thereof, whereupon the assessor shall determine the amount of tax reduction to which the grantor is entitled for such assessment year.

H. Applications for benefits under this section shall be filed biennially with the Assessor or Authorized Agent between February first (1st) and May fifteenth (15th) when State of Connecticut applications are due.

I. Any applicant who has received benefits from this section and is later found to be ineligible after filing a false affidavit will be liable for all benefits received. The amount due will be treated as taxes not paid from the date they would have been due and will be subject to interest and penalties as prescribed by law.

J. This ordinance shall take effect on passage and publication. Once the ordinance takes effect it may be amended by vote of the Town Meeting, upon the recommendation of the Board of Finance, without complying with requirements of CGS 12-129n applicable to the ordinance's initial approval.

K. If any section, subsection or other portion of this ordinance shall be declared unconstitutional or otherwise invalid by a court of competent jurisdiction, such unconstitutionality of invalidity shall not affect the remaining portions of this ordinance if they can be given effect without the unconstitutional or invalid provisions.

L. Any person aggrieved by the action of the Assessor in determining the amount of relief or in disapproving any such application under this ordinance may appeal to the Board of Selectmen in writing, within ten (10) days after the date of the written notification of the Assessor on such application. The Board of Selectmen shall promptly consider such appeal and may grant or deny the relief requested, or make such other modifications necessary to comply with the ordinance.

Amended at Town Meeting, August 2, 2011. (Grand List Years 2011, 2012, 2013 and 2014; changed application period from “filed annually” to “filed biennially”)

Published Hartford Courant, August 26, 2011.

Mr. Parker advised that the shed that was on site was too small. He noted that it stores seasonal décor and medical equipment such as walkers and commodes that are available for use when the need arises.

The motion carried with one vote cast in opposition.

Mr. Ventres noted that the 1924 property has three structures on it that predate both zoning and the health code. He stated that it cannot meet code on the existing property. This easement would allow the utilization of the town owned vacant lot adjacent. Mr. Nemergut advised that the property is approximately 1 acre and 10% of it would be utilized for the easement. Comments and questions were raised by Todd Gelston, Crary Brownell, Randy Dill, and Charlene Riling. Answers were provided by Mr. Nemergut and Mr. Ventres. It was noted that the Town would not benefit by selling the property, it has value as it contains a fire pond.

**ARTICLE I**
**Adoption of Code**

§ 1-1. Adoption of Code.
The compilation of the Special Acts and ordinances of a general and permanent nature of the Town of East Haddam, as revised, codified and consolidated into chapters and sections by General Code LLC, and consisting of Chapters 1 through 301, together with an Appendix, is hereby approved, adopted, ordained and enacted as the "Code of the Town of East Haddam, Connecticut," hereinafter called the "Code." All provisions contained in the compilation provided for herein and known as the "Code of the Town of East Haddam" shall be in force and effect on and after the effective date of this ordinance.

§ 1-2. Continuation of existing provisions.
The provisions of the Code, insofar as they are substantively the same as those of the legislation in force immediately prior to the enactment of the Code by this ordinance, are intended as a continuation of such legislation and not as new enactments, and the effectiveness of such provisions shall date from the date of adoption of the prior legislation.

A copy of the Code, in loose-leaf form, has been filed in the office of the Town Clerk and shall remain there for use and examination by the public until final action is taken on this ordinance, and, if this ordinance shall be adopted, such copy shall be certified to by the Town Clerk, and such certified copy shall remain on file in the office of said Town Clerk to be made available to persons desiring to examine the same during all times while said Code is in effect.

§ 1-4. Publication; filing.
The Clerk of the Town of East Haddam shall cause to be published, in the manner required by law, a copy of this Adoption Ordinance. Sufficient copies of the Code shall be maintained...
in the office of the Clerk for inspection by the public at all times during regular office hours. The enactment and publication of this ordinance, coupled with the availability of a copy of the Code for inspection by the public, shall be deemed, held and considered to be due and legal publication of all provisions of the Code for all purposes.

§ 1-5. Amendments to Code.
Any and all additions, deletions, amendments or supplements to the Code, when adopted in such form as to indicate the intention of the Town to make them a part thereof, shall be deemed to be incorporated into such Code so that reference to the "Code of the Town of East Haddam" shall be understood and intended to include such additions, deletions, amendments or supplements. Whenever such additions, deletions, amendments or supplements to the Code shall be adopted, they shall thereafter be included in the Code as amendments and supplements thereto.

§ 1-6. Code to be kept up-to-date.
It shall be the duty of the Town Clerk, or someone authorized and directed by the Clerk, to keep up-to-date the certified copy of the book containing the Code required to be filed in the Clerk's office for use by the public. All changes in said Code and all ordinances adopted subsequent to the effective date of this codification which shall be adopted specifically as part of the Code shall, when finally adopted, be included therein by reference until such changes or new ordinances are printed as supplements to said Code book, at which time such supplements shall be inserted therein.

§ 1-7. Supplementation of Code.
A. Supplements to this Code shall be prepared whenever authorized or directed by the Board of Selectmen. A supplement to the Code shall include all substantive permanent and general parts of ordinances passed by the Town and all changes made thereby in the Code.
B. When preparing a supplement to this Code, the codifier (meaning the person, agency or organization authorized to prepare the supplement) may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into the unified Code. For example, the codifier may:

(1) Organize the ordinance material into appropriate subsections;
(2) Provide appropriate headings and titles for sections and other subdivisions of the Code included in the supplement, and make changes in such headings and titles;
(3) Assign appropriate numbers to chapters and sections to be inserted in the Code and, where necessary to accommodate new material, change existing or other section numbers;
(4) Change the words "this ordinance" or words of the same meaning to "this chapter," "this article," "this section," etc., as the case may be, or to "§§ __________ to __________" (inserting section numbers to indicate the sections of the Code which embody the substantive sections of the ordinance incorporated into the Code); and
(5) Make other nonsubstantive changes necessary to preserve the original meaning of ordinance sections inserted into the Code; but in no case shall the codifier make any change in the meaning or effect of ordinance material included in the supplement or already in the Code.

Copies of the Code, or any chapter or portion of it, may be purchased from the Clerk or an authorized agent of the Clerk upon the payment of a fee to be set by the Board of Selectmen. The Clerk may also arrange for procedures for the periodic supplementation of the Code.

§ 1-9. Altering or tampering with Code; penalties for violation.
It shall be unlawful for anyone to improperly change or amend, by additions or deletions, any part or portion of the Code or to alter or tamper with such Code in any manner whatsoever which will cause the law of the Town of East Haddam to be misrepresented thereby. Anyone violating this section or any part of this ordinance shall be subject, upon conviction, to a fine of not more than $250.

§ 1-10. Severability.
A. Severability of Code provisions. Each section of the Code and every part of each section is an independent section or part of a section, and the holding of any section or a part thereof to be unconstitutional, void or
ineffective for any cause shall not be deemed to affect the validity or constitutionality of any other sections or parts thereof.

B. Severability of ordinance provisions. Each section of this ordinance is an independent section, and the holding of any section or part thereof to be unconstitutional, void or ineffective for any cause shall not be deemed to affect the validity or constitutionality of any other sections or parts thereof.

§ 1-11. Repealer.
All ordinances or parts of ordinances of the Town of East Haddam of a general and permanent nature in force on the date of the adoption of this ordinance which are inconsistent with any provisions of the Code are hereby repealed from and after the effective date of this ordinance.

§ 1-12. Certain ordinances not affected by Code.
A. Nothing in this Code or the ordinance adopting this Code shall be construed to repeal or otherwise affect the validity of any of the following:
   (1) Any ordinance promising or guaranteeing the payment of money for the Town, or any evidence of the Town's indebtedness;
   (2) Any appropriation ordinance providing for the levy of taxes or for any annual budget;
   (3) Any order annexing territory to the Town or excluding territory as a part of the Town;
   (4) Any ordinance granting any franchise, permit or other right;
   (5) Any Zoning Ordinance or amendment thereto;
   (6) Any Subdivision Ordinance or amendment thereto;
   (7) Any ordinance creating a special services district;
   (8) Any ordinance approving, authorizing or otherwise relating to any contract, agreement, lease, deed or other instrument;
   (9) Any ordinance adopting a preliminary or development plan;
   (10) Any temporary or special ordinance.
B. All ordinances pursuant to this section are hereby recognized as continuing in full force and effect to the same extent as if set out at length in this section.

A. The repeal of an ordinance shall not revive any ordinances in force before or at the time the ordinance repealed took effect, unless expressly stated.
B. The repeal of an ordinance shall not affect any punishment or penalty incurred before the repeal took effect, nor any suit, prosecution or proceeding pending at the time of the repeal, for an offense committed under the ordinance repealed.

§ 1-14. Changes in previously adopted ordinances.
A. In compiling and preparing the ordinances for publication as the Code of the Town of East Haddam, no changes in the meaning or intent of such ordinances have been made, except as provided for in Subsection B hereof. Certain grammatical changes and other minor nonsubstantive changes were made in one or more of said pieces of legislation. It is the intention of the Town that all such changes be adopted as part of the Code as if the ordinances had been previously formally amended to read as such.
B. In addition, the amendments and/or additions as set forth in Schedule A, attached hereto and made a part hereof, are made herewith, to become effective upon the effective date of this ordinance. (Chapter and section number references are to the ordinances as they have been renumbered and appear in the Code.)

§ 1-15. Catchlines, histories and references.
A. The catchlines of the several sections of this Code are intended as mere catchwords to indicate the contents of the section and shall not be deemed or taken to be titles of such sections nor as any part of the section, nor, unless expressly so provided, shall they be so deemed when any of such sections, including the catchlines, are amended or reenacted.
B. The histories appearing in brackets after sections and subsections and the references and notes located throughout the Code are for the benefit of the user of the Code and shall have no legal effect.

Mrs. Denette noted that codification takes the existing laws, compiles them into a new format and adjusts where appropriate to reflect current law. It was emphasized that changes in substance were not part of this process. There

Edward Blaschik motioned to nominate Deb Denette as Moderator. Kathy Klinck seconded the motion. Additional nominations were solicited, none were offered. Brad Parker motioned to close nominations, Mr. Blaschik provided the second. The motion closing nominations carried unanimously via voice vote. The Moderator briefly defined the rules of conduct and read the call of the meeting. Karin Blaschik motioned to accept the call as presented. Greg Lauria seconded the motion. The motion accepting the call as read carried unanimously via voice vote.

Item 1: was removed from the call of the meeting by the Board of Selectmen pursuant to C.G.S. Section 7-7 for submission to the voters of the Town of East Haddam who are qualified to vote at Town meetings for “yes” or “no” vote by paper ballots or voting ballot labels on the following question: Shall the Town of East Haddam budget of $31,562,517, as recommended by the Board of Finance for fiscal year 2018-2019 be approved? The vote by paper ballot will be conducted at the Town Meeting Hall, East Haddam, Connecticut between the hours of twelve noon and eight o’clock (pending contrary determination under item 2 of this call), on May 8, 2018.

The Moderator requested Mr. DiCristofaro to speak to changes that occurred in the expenditure summary that was sent out. Mr. DiCristofaro advised that there are no changes to the budget put forward by the Board of Finance, however, when the summary was prepared everything was off by one line.

Kyle Paull inquired about the changes from the Board of Education’s initial requested budget and what is being brought forward by the Board of Finance. He noted that minutes are not available on the Town’s website that would likely answer that question. Mr. DiCristofaro stated that $150,000 for school security was removed from the education budget. A broader scope of security is being reviewed and recommendations will be brought back outside of the budget process. Additionally, savings were realized in both benefit costs and heating prices once those costs locked in. The Board of Finance further requested the Board of Education to squeeze a little tighter, and an additional $50,000 reduction was made without an impact on programming.

Mr. DiCristofaro inquired if Superintendent Reas had anything to add. Mr. Reas reiterated that the reductions were due to reductions in benefits and heating prices; he provided assurance that security issues are not being ignored.

No further comments were offered. The Moderator reiterated that the vote would be conducted at referendum on May 8, 2018.

Item 2: Brad Parker motioned, Mr. Paull provided the second that the legislative body herein assembled act upon the recommendation of the Board of

There being no further business to conduct, the Moderator called for a motion to adjourn to referendum on May 8, 2018 at 6:00 a.m. Motion was made by Mr. Parker; seconded by Mr. Blaschik. The motion carried unanimously via voice vote at 8:10 pm.
