

Office Of The First Selectman
Town of Seymour

1 First Street
Seymour, Connecticut 06483

W. Kurt Miller
First Selectman

May 2013

Dear Seymour Resident:

The Town of Seymour is participating in the Home Energy SolutionsSM program. This program offers homeowners and renters a chance to reduce their energy costs. For a small fee*, certified and insured contractors will evaluate household energy usage and provide an average of \$1,000 of energy efficiency and weatherization services to you. These include:

- Free energy-efficient lighting (up to 40 compact fluorescent light bulbs)
- Water-saving devices, including low-flow, high-pressure showerheads and faucet aerators
- The latest technology to seal-up air leaks in your home, including door sweeps, weather-stripping and caulking
- Additional rebates for home insulation, HVAC systems and other appliances

These services save participants an average of \$200 a year, each year, in energy savings. The Home Energy Solutions program is funded by a small charge on electric and natural gas bills – **it's your money, so take advantage and start saving today.** Simply call **(877) WISE USE** to sign up for the Home Energy Solutions program.

As a bonus, for every Home Energy Solutions service that is completed \$25 will be donated to Seymour Pride Committee and will be made by the following Home Energy Solutions partners: Santa Energy and Hoffman Fuel. **For more information and updates, visit www.SeymourCT.org.** Learn more about the program by visiting the vendors in the Green Corner at the Seymour Founder's Day on June 2, 2013 from 10 am to 5 pm in the downtown Main Street District of Seymour.

Participation in Energize Connecticut programs also makes the Town of Seymour eligible for grants to promote other smart energy projects and efforts. Seymour has partnered with Energize Connecticut to make these programs available. Energize Connecticut helps you save money and use clean energy. It is an initiative of the Energy Efficiency Fund, the Clean Energy Finance and Investment Authority, the State, and your local electric and gas utilities. Thank you for helping make Seymour a clean, energy-efficient community.

Very truly yours,

W. Kurt Miller
First Selectman
