Public Comment-

Joe Larovera was talking with Alex Danka during a game about the gym. They want to have the bleachers on the score board side to be demoed. They can use chairs or benches for the teams. They also thought it would be much better to take the stage down, just so the residents playing on the court aren't running into it. Also for demoing the stage and the benches would enlarge gym to create a safer environment. The floors also need to get redone. Joe is going to give the contact info to Mary about who can redo it and get a quote. Mary noticed that there are outdoor basketball courts at Seymour Middle School. She would like to possibly use those courts for an open court or a men's league.
