<b>Traffic Citations</b>	80	61	804	604	
<b>Parking Tickets</b>	58	112	659	956	
<b>Traffic Stops</b>	359	212	2027	1678

<b>Supplements</b>	265	268	1915	2018	
<b>Hearings</b>	33	16	304	176	

*Note:*

- *Traffic Stops may not include pre scheduled selective enforcement details where two or more police vehicles are assigned for specific enforcement purposes (such as Aggressive Driving Grant details).*
- *Criminal Arrests are the number of people arrested, not the number of charges, counts or cases cleared. These include arrests made at the time of the incident as well as those filed after an extended investigation.*

**Department Notes:**

A 29 year old with mental health issues threatened and then assaulted his father resulting in head injuries to the latter. The son was arrested & booked, posted bail, and was later served with a mental health commitment order. A PFA was also obtained on a later day.

A 20 year old was arrested for huffing nitrous oxide in his car while parked in a parking lot on N. Atherton St. over lunch hour. He had 71 empty and 48 new chargers in his car.

A 27 year old driver died as a result of injuries sustained in a traffic crash at Nixon & Whitehall on August 13<sup>th</sup>; a 19 year old passenger died as a result of injuries in a crash at Blue Course & N. Atherton on September 9<sup>th</sup>. Charges against the driver in the latter crash are pending. Don Voigt, Township engineering assistant, assisted the crash reconstructionist with electronic measurements.

Ten school bus light violations were investigated. This is the highest number in years.

The Chief attended two meetings to discuss issues/progress of the MD/RMS project and four for the HOPE Coalition in addition to attending the second Town Hall presentation. In addition to the monthly County Chiefs meeting two other meetings were held with other police chiefs to discuss regional issues; one with the SCASD Superintendent and one with the Fire Company Administrator & EMA director. Lastly, the Criminal Justice Advisory Board and Community & Campus in Unity meetings were attended.

Three members of the PD attended (parts of) the Penn Prime Safety Conference.

A review as per request of the service calls to Turnberry/The Heights revealed 122 police calls for the year September 1, 2015, thru August 31, 2016. 52 (43%) of the calls involved disorders, primarily loud music and/or loud voices; one was a barking dog and one a domestic. The majority of the complainants in those disorder calls (42) came from neighbors within the Heights, 3 came from the neighborhood to the west (Tanager Dr. & Farmstead Ln.), and in 7 the caller refused information so it is not known whether the caller was internal or external to the Heights complex. In the same time period, police responded to 221 disorderly conduct calls throughout the Township.
