

**Dear Tonya,**

Here is your September issue of the Ferguson Township e-Newsletter! Thank you for welcoming us into your inbox.

**Ready for winter weather?  
Stay informed**

Morning temperatures have already dropped into the low 40s and it's not even officially fall. Is winter just around the corner? Last winter's bitter cold and snow reminds us to be prepared. We can keep you informed about our snow emergency routes; protecting your mailbox from snow plow operations; responsibility for snow and ice removal; maintenance of our shared use paths during the winter months, and winter brush and leaf collection. [Sign up for our Winter Weather Reminders.](#) Click on the Winter Weather Reminders e-mail list at the link.

**New ordinance addresses trees with infectious disease**

Our trees in Ferguson Township are protected by a new ordinance adopted by the Board of Supervisors on August 18. Caring for them is a commitment the township takes seriously by planting, maintaining and removing them as necessary to preserve the health of all trees in the township. Section 5 of the new ordinance outlines the Township's policy on hazardous and nuisance trees on public and private property. These include trees that may be infected with oak wilt. **Township adds three farms to the County's Agricultural Conservation Easement program**

One of the many assets Ferguson Township is committed to preserving is its agricultural heritage. Our Township is home to numerous farms run by hard working families who want to keep farming generation after generation. In cooperation with Centre County and the Commonwealth of Pennsylvania, the Township recently closed on three Agricultural Conservation Easements--a total of 316.02 acres. [Read more...](#)

## Public Works earns praise for McKee bike path repairs

Our Ferguson Township Public Works crews are hard at work making our township roads, public areas, and shared walking and bicycle paths look and function at their best. Their achievements this summer included repairs to the McKee Street bike path from Clinton Avenue in Ferguson Township to McKee Street in the Borough of State College. Brian Dempsey, who chairs the Centre Region Bicycle Advisory Committee, commended Public Works on its improvements. "Thanks for keeping the biking community informed," he wrote, "and especially thanks for the marvelous widening and resurfacing of the McKee Street bike path. I can vouch that it's a great improvement on what was formerly a very good path but with some spots that needed attention. We certainly appreciate Ferguson Township's efforts to improve alternative transportation opportunities."

## We can share the path

Members of this bike-friendly community came together on September 4 at Sunset Park to show their support for sharing our paths in the Centre Region. "As a community we can all be a little more aware of how we can contribute to the safe use of the bikeways," said Ferguson Township Manager Mark Kunkle, "while enjoying them to the fullest."
