

Ferguson Township Tree Commission (FTTC)

Date October 17, 2016

Meeting Agenda

Time 6:30pm

Call to Order

September 19th Meeting Minutes

The FTTC should review and approve the minutes from the September meeting.

Public Hearing Tree Removal and Replacement 2016

The FTTC shall hold a public hearing for tree removals and replacements planned for the Winter of 2016/ Spring of 2017. The FTTC shall recommend changes as necessary.

Arborist report:

The Arborist will review work activities and plan reviews since the last meeting.

Communications to Commission Members

This is an opportunity for FTTC members to report on any contact by residents regarding FTTC matters.

Future agenda items

2017 operating budget, education and outreach, Tree Plan, Blue Course Planting Plan

Other

Next meeting is the Public Hearing to be held on November 14th at 5:30pm in Meeting Room 2.

FERGUSON TOWNSHIP TREE COMMISSION

Regular Meeting
Monday, September 19, 2016
5:30 pm

I. ATTENDANCE

The Tree Commission held its regular meeting on Monday, September 19, 2016 at the Ferguson Township Municipal Building. In attendance were:

Commission: Marc McDill, Chairman
Mike Jacobson, Vice Chairman
Darlene Chivers
Troy Bayletts
Howard Fescemyer

Staff: Lance King, Arborist
David Modricker, Director of Public Works

II. CALL TO ORDER

Mr. McDill called the Monday, September 19, 2016 Ferguson Township Tree Commission meeting to order at 5:59 pm.

III. APPROVAL OF AUGUST 22, 2016 MEETING MINUTES

Ms. Chivers made a motion to APPROVE minutes from August 22, 2016. Mr. Bayletts seconded the motion.

IV. OAK WILT UPDATE

Mr. King updated the FTTC on the outcome of the Board of Supervisors meeting on September 6th on the topic of oak wilt. Mr. King gave the FTTC the latest version of the oak wilt policy. Mr. McDill pointed out that the policy states that the township will bear the cost of the treatment of the oak wilt with the hope that the homeowners will contact the township sooner to begin treatment. Mr. McDill suggested that educating the public on preventing oak wilt sooner will also help prevent the spread of oak wilt. Ms. Chivers asked that the policy, when passed by the board as a resolution, be given to tree care companies and landscaping companies. Mr. King said that he would do so but also stated that the companies that may have an issue with the policy are the utility companies. Mr. McDill suggested that Ferguson Township work with Patton Township in fighting oak wilt. Mr. Fescemyer pointed out the difference in the radius of treatment for oak wilt in the new policy. Mr. Modricker asked the FTTC what the distance for treatment should be. Mr. McDill said that the policy should say 150 to 200 feet. Mr. Jacobson said that he feels that it should be 100 feet. The FTTC agreed upon the distance of 100 to 150 feet with the provision that the area can be increased at the arborists discretion. Mr. Fescemyer asked that the statement of removing firewood not be removed from the policy.

V. THISTLEWOOD

Mr. King met with two members of the Thistlewood HOA. They want to replace any dead or dying trees along the entrance way on Meadowview Drive with two and ½ inch caliper trees. Red Rage Black Gum trees are okay as a replacement. The Township will keep the trees that are in good condition. 32 total trees are involved, 16 of which need replacement. The new trees are proposed to be placed on top of the utility lines, which is not ideal but will resolve the issue. The property

owners do not want to place the trees further back on the property. Given the time of the year, the bid for planting trees in Thistlewood is expected to go out in the fall and a spring planting. Mr. Jacobson made a motion to approve the agreement with Thistlewood. Mr. Fescemyer seconded the motion, with all in favor.

VI. 2016 TREE REMOVALS AND 2017 TREE PLANTINGS

Mr. King gave the FTTC a copy of the legal notice for the public hearing and a listing of all the tree removals, and a replacement listing. Ms. Chivers asked Mr. King what the color coding of the listing means. Mr. King explained that the colors were meant for his reference of what properties had different mailing addresses, properties that did not have any tree removals and were just getting a tree, and what properties he needed more information on. Ms. Chivers asked for the total number of tree removals. Mr. King said that there will be a total of 104 trees removed. The FTTC said that they are pleased with the diversity of the trees that will be planted. Mr. King said the letters were sent out regarding the plantings. Mr. John Hook contacted Mr. King regarding the ash trees on his property that he was treating himself, and acknowledged that now the Township should remove them. Mr. Hook was grateful for the opportunity to treat the trees himself.

VII. TREE PLAN

Mr. McDill said he would like another month to review the tree plan. Mr. Fescemyer suggested the use of the scientific name of the trees when first mentioned in the tree plan. More discussion on the tree plan will continue via email.

VIII. ARBORIST REPORT

Mr. King had a few surety reviews for the Stonebridge baseball field and Joel Confer expansion plans. Mr. Bayletts stated that on the Joel Confer expansion the islands where trees are planted are surrounded by blacktop and concrete. Mr. King noted that if the trees die that they will have to be replaced as part of their approved plan. Mr. King said there was maintenance bond for the Turnberry development that came due. They extended it for another 90 days and Mr. King will be meeting with the landscaper to go over issues that need resolved. The pruning contract will go out to bid on October 4th. It will be awarded at the first Board of Supervisors meeting in November. Mr. King updated the FTTC on the Tree Vitalize Grant. Ferguson Township does not meet the criteria for the grant. Ms. Chivers suggested the idea of creating a trail head on Pine Grove Mountain for a grant. A lot of planning and time would be needed to come up with an idea. Mr. Jacobson suggested a class at PSU that could come up with ideas for designing a plan. Mr. King said that Ms. Diane Griffith came up with the idea for a tree of the month for the township website.

IX. COMMUNICATIONS TO COMMISSION MEMBERS

Mr. Fescemyer let Mr. King know about two trees that he felt had oak wilt. One was in Patton Township and Mr. King let Ken Sowder know. The other tree seemed to be dead already. Mr. King let the FTTC know that there is now an issue of conflicting test results between Bartlett's lab in North Carolina and the PSU lab. Ms. Chivers said that she had a Mr. Nevin Corl contact her regarding the red bud tree at the corner of Deepwood Dr and Route 45. The branches are very low and there is a concern of visibility. The tree is not the Township's, but Mr. King will contact the State regarding the tree. Ms. Chivers also requested to be removed from the development plan review subcommittee for about 6 months due to other work obligations. Mr. Bayletts expressed an interest in taking Ms. Chivers place reviewing the plan submissions. Mr. Bayletts received an

email from a resident asking about logging/timber harvest in the township. Mr. King said he would speak with the zoning officer regarding any zoning ordinance regarding logging in the township.

X. FUTURE AGENDA ITEMS

Mr. King stated the item for the future agenda is the public hearing in October. He submitted a few items to David Modricker for the 2017 budget, most notably trying to bump the tree pruning budget up and he is going to try to do the ISA Tree Risk Assessment Qualification (TRAQ) program next year.

XI. ADJORNMENT

With no further business, the September 19, 2016 Tree Commission regular meeting was adjourned at 7:43 p.m.

RESPECTFULLY SUBMITTED,

David Modricker, Director of Public Works
For the Tree Commission
