We are not asking for any table fees but if you would like to make a donation to the event a check can be made out to the **Derby Cultural Commission**. The goal of our EcoFest is to encourage our neighbors and community to understand, accept and live greener, more environmentally friendly and healthier lifestyles. This celebration will be a short distance from the junction of two of Connecticut's greatest rivers; the Naugatuck and Housatonic, two rivers that have felt the impact we can have; both good and bad. We have the opportunity in this life to make an impact on everything in our lives; so we should be taught and shown on how to make the most positive impact we can. We will have live entertainment including presentations, speakers, children's entertainment and a live band throughout the day, as well as an area where people will be able to get hands on understanding of the impact our choices can have on our us and our environments.

We ask that you support us and join us in this effort to educate and entertain the public; with hopes we can all learn new ways to enjoy and appreciate our own surroundings. The vendor spaces we are offering are 10 X 12 spaces, we would like vendors there no later than 10:00am, you will be able to unload and move your car to the commuter lot across the street. We will be advertising, if you have anything you would like us to share with people please attach it. We are excited about this event and hope you will join us. If you or your group

is interested in attending please submit the application to the address listed above and we will save a place to include you in the day.
