Player Level: Novice to Intermediate, depending on how you play. I was a decent one-wall handball and racquetball player, then played some four-wall squash somewhat well, so four-wall racquetball will be new to me, but I think I will give most average players a good game and get better quickly.  
Best Playing Time: M-F 10-3 (finish by 4ish), possible Sat & Sun 10-11 (finish by 12ish)
