Welcome to Spring in Georgetown!

As the warmer weather and longer days return, so do several of our annual activities.

Beginning May 30th our Summer Concert Series kicks off with Kathie Martin and The Hot Rods. This year we moved to a new venue, the Marvel Museum, offering more parking and seating areas. The 2019 Farmer's Market will be taking place at the Georgetown CHEER Center on Sandhill Road. I hope to see you out and about at these events.

Town wide we are seeing active development. Some examples include, planning of the first phase of the Georgetown to Lewes Bike Trail, the new Splash Laundromat, Tru by Hilton Hotel near Redner's, and the Oaks at Georgetown (apartments).

Our Town Hall restoration project continues to make progress addressing some of the issues uncovered during the renovation work. This has extended the completion date, however once finished this is certain to be a showpiece on the Circle and for our Town.

Safety is important to all of us, so two quick reminders. First, if you are walking along the roadway please walk facing traffic as this helps you to see traffic and them to see you. Second, bicycle riders are reminded they need to ride with traffic and use appropriate hand signals to indicate their intentions.

As you are out in Town and see a Town employee, take a moment to say thank you for their work. They contribute to making a difference in our Town.

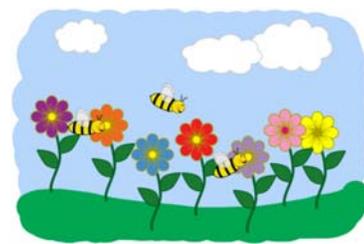

The Council and I are here for you. If you have an issue, idea, or recommendation, please feel free to share it with us. Together we will continue to make our community better.

Remember, it is all of us that make Georgetown. Well Rounded.

Sincerely,

Bill West

Mayor

Delmarva Power Streetlight Reporting System

Delmarva Power offers a self-service, online map tool that enables customers to report a streetlight outage or problem to Delmarva Power through its website.

To report a streetlight outage, customers should visit www.delmarva.com and follow these steps:

Click on "my home"

Click on "report an outage or safety hazard"

Click on "report streetlight outage"

The individual reporting the issue will need to provide their name and contact information, as well as either an address or the utility pole number for the affected light. There is also the opportunity to provide a message if additional detail is needed to relay important information to the company. As part of the follow up process, Delmarva Power will provide an update on the status of the reported streetlight using the email address provided.
