Residential Customer Programs and Rebates

PECO SMART APPLIANCE RECYCLING

Customers can save up to \$150 a year on their energy bill by getting rid of an extra (working) refrigerator or freezer. To add to the savings, PECO will pick it up, recycle it and pay customers a rebate.

PECO SMART HOME REBATES

PECO offers customers rebates on ENERGY STAR® qualified appliances and ENERGY STAR® HVAC equipment.

PECO SMART LIGHTING DISCOUNTS

Little things can waste a lot of energy. Compared to incandescents, CFL and LED bulbs use about 75 percent less energy and last up to 10-15 times longer.

PECO SMART HOME E-AUDIT

Customers can complete an online energy audit and receive a customized profile of their energy use along with improvements that can save energy and money.

PECO SMART HOUSE CALL

For a small fee, customers can sign up to have a trained energy advisor come to their home to diagnose and report on specific steps they can take to save energy and money.

Residential Customer Programs and Rebates *(continued)*

PECO SMART DRIVER REBATES

With PECO Smart Driver Rebates, residential customers investing in new electric vehicle technology are eligible for a \$50 per car rebate just for letting us know they have purchased an electric vehicle.

PECO SMART ENERGY SAVER

Fifth grade students together with their parents/guardians learn how to save energy at home with PECO Smart Energy Saver. The program consists of classroom instruction on energy efficiency and a take home energy kit complete with energy saving products.

PECO SMART BUILDER REBATES

Builders of electric heated homes meeting Energy Star 3.0 criteria for new construction can earn valuable rebates from PECO.

PECO SMART GAS EFFICIENCY UPGRADE

Customers can earn a rebate by upgrading to a high-efficiency qualified ENERGY STAR® furnace or boiler, or qualified ENERGY STAR® gas storage tank hot water heater.

PECO SMART NATURAL GAS CONVERSION

Learn more about the advantages of conversion, including cost savings.

Commercial Customer Programs and Incentives

PECO SMART EQUIPMENT INCENTIVES

PECO offers financial incentives for retrofits that incorporate energy efficient measures for all major end uses. Find out how these incentives can help small businesses, commercial and industrial facilities, government, institutions, and non-profit organizations.

PECO SMART CONSTRUCTION INCENTIVES

Commercial buildings designed and constructed to use less energy can help businesses save money, save energy, and prevent carbon emissions. Find out how PECO incentives can help offset construction costs.

PECO Smart Ideas for Home and Business

Commercial Customer Programs and Incentives *(continued)*

PECO SMART BUSINESS SOLUTIONS

Customers with monthly electric demand of 100 kilowatts (kW) or less receive a complimentary on-site energy analysis and can earn valuable incentives of up to 50-60 percent or more on energy efficiency upgrades.

PECO SMART MULTIFAMILY SOLUTIONS

Owners of multifamily buildings can save energy and money through facility assessments, in-unit direct installation and incentives for common area energy retrofits, such as lighting upgrades.

PECO SMART DRIVER REBATES

With PECO Smart Driver Rebates, business customers can get a \$50 rebate per car just for letting us know they have purchased an electric vehicle. Government, institutional and non-profit customers earn a \$1,000 rebate per unit toward the cost of installing up to two (2) Level 2 public chargers. Local counties are eligible for up to \$3,000 to install a Level 2 public charging station in each of the counties we serve.

PECO SMART ON-SITE

Business customers can earn incentives for the installation of combined heat and power systems including micro-turbines, reciprocating engines, fuel cells and non-renewable technology.

PECO SMART GAS EFFICIENCY UPGRADE

Earn a rebate by increasing your efficiency. Learn more about how upgrading to a high-efficiency qualified ENERGY STAR® furnace or boiler can make a difference in the short term and the long run.

PECO SMART NATURAL GAS CONVERSION

Invest in the advantages of conversion to natural gas. Explore the cost-saving opportunities of making natural gas your primary heating fuel.
