DELAWARE STATE SENATE
150th GENERAL ASSEMBLY

SENATE BILL

AN ACT TO AMEND TITLE 24 OF THE DELAWARE CODE RELATING TO THE OFFER OF AN ULTRASOUND BEFORE TERMINATING A PREGNANCY.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

1 WHEREAS, a nationwide study shows that 78% of abortion-minded women who see an ultrasound image of their
2 unborn baby before an abortion end up choosing life; and

3 WHEREAS, an informed choice is better than withholding information at a critical time in a woman's life,
4 especially since there is a risk of serious physical and psychological complications for women; and

5 WHEREAS, since it is the responsibility of legislators to do all they can to ensure a person's safety, part of that
6 responsibility includes providing women with timely information to make the best decisions to ensure their safety and well-
7 being; and

8 WHEREAS, the General Assembly finds that ultrasound requirements serve an essential medical purpose in
9 confirming the presence, location, and gestational age of a pregnancy; and

10 WHEREAS, the General Assembly finds that ultrasound requirements also serve an essential medical purpose in
11 diagnosing ectopic pregnancies which, if left undiagnosed, can result in infertility or even fatal blood loss; and

12 WHEREAS, the General Assembly finds that it is critical to the psychological and physical well-being of a woman
13 considering an abortion that she receives complete and accurate information on the reality and status of her pregnancy and
14 of her unborn child; and

15 WHEREAS, the U.S. Supreme Court found in 1976 that the decision to abort "is an important, and often a
16 stressful one, and it is desirable and imperative that it be made with full knowledge of its nature and consequences"; and

17 WHEREAS, the General Assembly finds that the knowledgeable exercise of a woman's decision to have an
18 abortion depends on the extent to which the woman receives sufficient information to make an informed choice between
19 two alternatives, giving birth or having an abortion; and

20 WHEREAS, the purpose of this Act is to protect the physical health and welfare of every woman considering an
21 abortion; and

22 WHEREAS, the purpose of this Act is to ensure that every woman considering an abortion receives complete
23 information on the reality and status of her pregnancy and of her unborn child; and

24 WHEREAS, this Act is intended to be consistent with the U.S. Supreme Court finding that “the risk that a woman
25 may elect an abortion, only to discover later, with devastating psychological consequences, that her decision was not fully
26 informed.”

27 NOW, THEREFORE:
